Dear Longtons,

Houma heist: Frnech intelligence, for the N.African colons.

These reportersbelieved that the CIA had fingered the deposit of explosives at the Schlumberger Co. place at Houma, for the use of Bay of Pigsers.

I've never been able to find time to carry the Doubl-Chek stuff farthur. If you see anything I'd welcome it.

Except for the clear indications of CIA connection, there is little solid on Novel.

Best regards,
